DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 6 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 6 states that all of the second portion can be accommodated in the aperture of the external driver. The second portion includes the spring 22 and the hammer 26. It is not seen how the spring can be placed in the aperture ever. If the spring cannot be placed in the aperture, the entire hammer could also not be placed in the aperture. Clarification is required.

Allowable Subject Matter

Claims 1-5 and 7-41 are allowed.

Claim 6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
